X Explanation regarding the appropriate use of forecast of operating results

The financial forecast of operating results is based on judgements and estimates that have been made using currently available information.

By nature, such financial forecast is subject to uncertainty and risk. Therefore, the final results might be significantly different from the

aforementioned forecast due to changes in economic environments related to our business, market trends, exchange rate, etc.

For other remarks, please refer to "2. Other Information" on page 18.

(4) Notes to quarterly consolidated financial statements

(Notes to events and conditions which indicate there could be substantial doubt about going concern assumption)

None

(Note to significant changes in shareholders' equity)

None

(Adoption of specific accounting policies for quarterly consolidated financial statements)

Calculation of tax expense

Income taxes are determined based on the amount of income before income taxes for the current second quarter ended September 30, 2021 multiplied by the effective tax rate, after adoption of tax-effect accounting, estimated for the entire fiscal year ending March 31, 2022.

Deferred income taxes are included in income taxes.

(Changes in accounting policies)

(1) Accounting Standards Board of Japan (ASBJ) Statement No. 29 "Accounting Standard for Revenue Recognition" "Accounting Standard for Revenue Recognition" (ASBJ Statement No. 29, March 31, 2020. Hereinafter "Revenue Recognition Standard") and related guidelines have been adopted from the beginning of the first quarter of the fiscal year ending March 31, 2022. In line with this adoption, revenue is recognized upon the transfer of controls for promised goods or services to customers in an amount that reflects the consideration to which they expect to be entitled in exchange for those goods or services.

The main effects of the adoption of the Revenue Recognition Standard are as follows: the timing of revenue recognition for retail sales of vehicles at domestic sales subsidiaries was changed from the time of registration to the time of delivery to customers, and the transactions in which domestic subsidiaries act as agents, revenue was previously recognized at the total amount of consideration received from the customer, but has changed to recognizing revenue at the net amount received from the customer less the amount paid to the supplier.

In adopting the Revenue Recognition Standard, in accordance with the transitional treatment set forth in the proviso of Article 84 of the Revenue Recognition Standard, the cumulative effect of retrospective application of the standards prior to the beginning of the first quarter was added to or subtracted from retained earnings at the beginning of the first quarter of the current fiscal year.

As a result, for the six months ended September 30, 2021, net sales and cost of sales decreased by \(\frac{4}{2}6,746\) million and \(\frac{4}{11,693}\) million, respectively, and income before income taxes increased by \(\frac{4}{2}4,851\) million. For the current second quarter, net sales and cost of sales decreased by \(\frac{4}{19,145}\) million and \(\frac{4}{18,387}\) million, respectively, and income before income taxes decreased by \(\frac{4}{820}\) million. In addition, the balance of retained earnings at the beginning of the six months ended September 30, 2021 decreased by \(\frac{4}{8},828\) million.

As a result of the adoption of the Revenue Recognition Standard, "Trade notes and accounts receivable" which was presented in "Current assets" of the consolidated balance sheet for the previous fiscal year, is included in "Trade notes and accounts receivable, and contract assets" from the first quarter of the current fiscal year. In accordance with the transitional treatment set forth in Article 89-2 of the Revenue Recognition Standard, consolidated financial statements for past periods have not been reclassified using the new presentation method.

(2) Accounting Standards Board of Japan (ASBJ) Statement No. 30 "Accounting Standard for Fair Value Measurement" (ASBJ Statement No. 30, July 4, 2019) and other standards have been adopted from the beginning of the first quarter of the fiscal year ending March 31, 2022, and in accordance with the transitional treatment set forth in Article 19 of "Accounting Standard for Fair Value Measurement" and Article 44-2 of "Accounting Standard for Financial Instruments" (ASBJ Statement No. 10, July 4, 2019), the Company will continue to apply new accounting policies prescribed by "Accounting Standard for Fair Value Measurement" and other standards into the future. The effects of this adoption on the quarterly consolidated financial statements are immaterial.

(Additional information)

(1) Adoption of tax effect accounting for the transition from the consolidated taxation system to the group tax sharing system

The Company and some of its domestic subsidiaries have adopted "Practical Solution on the Treatment of Tax Effect Accounting for the Transition from the Consolidated Taxation System to the Group Tax Sharing System" (PITF No. 39, March 31, 2020) and deferred tax assets and liabilities are based on tax law provisions in place prior to the revision prescribing transition from the consolidated taxation system to the group tax sharing system (Act No. 8 of 2020).

(2) Litigation for damages related to vehicle distribution agreement dispute

On July 4, 2019, Al Dahana filed a lawsuit against the Company, its consolidated subsidiary, Nissan Middle East FZE and its equity-method affiliate, Nissan Gulf FZCO, in the Dubai Court of First Instance in relation to a vehicle distribution agreement dispute.

On September 29, 2021, the Dubai Court of First Instance ruled that the Company and Nissan Middle East FZE must pay AED 1,159,777,806.50 plus interest.

Although the Company maintains that it has fully complied with its contractual obligations and has filed an appeal against this court judgment, the Company has recorded the amount of judgement plus interest totaling to ¥38,758 million under "Selling, general and administrative expenses" considering the ruling.

2. Other Information

The former Representative Directors of the Company were indicted on suspicion of violating the Financial Instruments and Exchange Act (charged with submitting false Securities Reports) and a former Representative Director and Chairman was additionally indicted on suspicion of violating the Companies Act (charged with aggravated breach of trust). In conjunction with these indictments, the Company itself was indicted on suspicion of violating the Financial Instruments and Exchange Act. The Company took this situation very seriously and formed a Special Committee for Improving Governance (SCIG) consisting of several independent third parties and independent Outside Directors of the Company. On March 27, 2019, Nissan's board of directors received a report from the SCIG that summarizes the committee's proposals for governance improvements and recommends a framework for the best governance as a foundation for Nissan business operations in the future. The Company has made the transition to a three statutory committee format.

On September 9, 2019, the board of directors of the Company received a report from the Audit Committee on the internal investigation into misconduct led by the Company's former chairman and others. As stated in the timely disclosure released on September 9, 2019 "Nissan board receives report on misconduct led by former chairman and others", the report confirmed specific instances of misconduct. Among these instances, Ghosn's personal use of the company's assets and improper payments of financial "incentives" to Nissan distributors instructed by Ghosn are as follows. Since September 9, 2019, there have been no changes made to the following contents at the time of submission of this report. In the future, if significant progress occurs in the following contents, we will disclose in accordance with relevant laws and regulations.

A) Ghosn's personal use of the Company's assets

The report confirms that Ghosn used the company's assets for personal benefit, including:

- purchase of residences for exclusive personal use in Beirut and Rio de Janeiro using roughly 27 million U.S. dollars in investment funds from Zi-A Capital, a Nissan subsidiary established under the guise of investing in promising technology start-ups, and further misuse of other company funds to purchase or rent additional residences for personal use;
- payment of sums totaling more than 750,000 U.S. dollars to Ghosn's sister on the basis of a fictitious consulting contract, starting in 2003 and extending for over 10 years with no evidence of any services having been rendered:
- · personal use of the corporate jets by Ghosn and members of his family;
- · improper use of expenses toward family vacations and gifts of a personal nature;
- · instruction of donations totaling more than 2 million U.S. dollars of company funds to universities in Ghosn's ancestral home country of Lebanon with no legitimate business purpose;
- transfer to Nissan in 2008 of foreign exchange swap contracts bearing unrealized losses of roughly 1.85 billion yen, based on a deceptive explanation to the Company's board regarding the nature of the transaction (in 2009, the swap contracts were secretly transferred back to a company related to Ghosn after being flagged as improper by Japan's financial authorities);
- · improper payments totaling roughly 7.8 million Euros to Ghosn from Nissan-Mitsubishi B.V. ("NMBV"), which is a joint venture established by Nissan and MITSUBISHI MOTORS CORPORATION, paid from April 2018 onward under the pretext of a salary and an employment contract with NMBV, despite the fact that no contract had been approved by the NMBV's board of directors.

In an unfair dismissal lawsuit filed in the Amsterdam District Court by Ghosn against NMBV and another Nissan subsidiary, NMBV brought a counterclaim against Ghosn for repayment of the sums Ghosn appropriated unlawfully from NMBV. On May 20, 2021, The Amsterdam District Court dismissed Ghosn's claims and ordered Ghosn to return roughly 5 million Euros. On August 20, 2021, Ghosn submitted the statement of appeal to the Amsterdam Court of Appeal.

One of the residences purchased for personal use as a result of misuse of company funds by Ghosn has been sold.

B) Improper payments of financial "incentives" to Nissan distributors instructed by Ghosn

Ghosn instructed a Nissan subsidiary to make payments totaling 14.7 million U.S. dollars to a distributor managed by an acquaintance outside Japan who had previously offered him personal financial support (a fact Ghosn withheld from Nissan's board of directors and the relevant departments within the company). Payments were made under the pretext of covering expenses for special business projects and were approved through Nissan's CEO Reserve, an emergency budget over which only Ghosn and a selected few direct subordinates had approval authority.

Ghosn also instructed a Nissan subsidiary to make payments totaling 32 million U.S. dollars to a distributor outside Japan, an employee of which transferred tens of millions of dollars to Ghosn and a company related to Ghosn (a fact Ghosn withheld from Nissan's board of directors and the relevant departments within the company). Payments were made under the pretext of granting financial incentives to the distributor in question and were approved through the CEO Reserve.

The Company has filed a provisional disposition order in the British Virgin Islands against Ghosn and related parties for a luxury yacht and has filed a lawsuit based on the order seeking damages, etc. Also, on February 12, 2020, the Company has filed a lawsuit against Carlos Ghosn in Japan, seeking recovery of damages. Going forward, the Company will continue to take necessary measures based on the findings of the Company's internal investigation, including legal action to claim damages, in order to account for the responsibility of the former chairman and others.

The Company has received a written notice of commencement of trial procedures dated December 13, 2019, from the Commissioner of the FSA. In response to this written notice, on December 23, 2019, the Company has submitted a written answer not disputing the alleged facts and the amount of the administrative monetary penalty. After that, the Company has received the administrative monetary penalty payment order, dated February 27, 2020, of 2,424,895,000 yen from the Commissioner of the FSA. In accordance with the administrative monetary penalty payment order and payment notice, the Company has made the penalty payment of 1,406,250,000 yen, which became due.

In December 2019, new management has been established, whose members have been selected by the Nomination Committee. As demonstrated by the establishment of new management, strengthening of the supervisory function of internal audit, and so on, the Company is working on various countermeasures to prevent recurrence.

The Company continues its efforts to improve its governance, including ongoing implementation of the improvement measures stated in the Improvement Measures Status Report submitted to Tokyo Stock Exchange on January 16, 2020, as well as reviewing necessary improvements from time to time going forward. The Company also continues to reform its corporate culture, renew corporate ethics, disclose corporate information appropriately and enhance compliance-focused management.
